

Dear Guests,

As the COVID-19 pandemic continues to impact the community, we continue to do everything reasonably possible to provide a safe and enjoyable experience for our patrons. We applaud the spirit of our extremely dedicated employees and are very grateful for all of you, our very valued customers. The health and safety of our staff and guests are of the utmost importance during this pandemic. Your cooperation in following our precautionary guidelines is appreciated.

Current Covid-19 Precautions:

- Face masks are required inside the clubhouse unless you are actively dining at a table.
- Hand sanitizer is readily available inside the clubhouse.
- We have an abundance of outdoor seating in a fresh air environment for dining.
- Tables have been spaced further from each other.
- Wait staff are wearing masks when interacting with guests, both inside and outside.
- We offer a “touchless” golf experience which includes:
 - Leaving flags in while putting
 - No rakes in bunkers
 - No water stations on course
- We are sanitizing golf carts after every round
- We have personal barriers set up at cash registers

We feel confident that with these current measures in place, we can continue to serve all of our guests in a way that balances both enjoyment and safety during this time. Thank you for your continued understanding. We look forward to seeing you on the Golf Course and at The Nest.

Many thanks.

Falcon Lakes Golf Club
